* Dorothy Noodles - Increasingly, sometimes you're in Poland.

Marco Lo Russo: - I came to Polish to appear at a concert at the Theatre of Agnieszka Chrzanowska Grotesque in Krakow.

Agnieszka invited me to collaborate with one of the songs on his latest CD "Song to the man". This song is "lovely and you". I played on the accordion part. * **How did this collaboration?** - By accident. Agnes came to the medieval town in Italy, Sermoneta to shoot the video for the first single from his

plates. I live in this town. There we met. She left me her CD, I listened to the songs and I was delighted. I wished that I did not play on the album. Agnieszka so, even though the album was already finished, he was composed by another, additional seventeenth song for me. Then I came to Krakow to play on the album, and at occasions shoot a music video. * **How did you receive in Poland?** - I really like it here. This is my second stay in Poland in less than a month and a half. I like Polish hospitality and an audience that is very intelligent and knows how to perceive things that are of value. * **Many of you performs. You also performed before popes. Did you have a chance to play in front of John Paul II?** - As much as I like the character of John Paul (http://www.echodnia.eu/swietokrzyskie/tag/jana-pawla-ii.html#utm_medium=alz&utm_source=echodnia.eu%2Fswietokrzyskie&utm_campaign=artykul), particularly his writings, books that have left behind, it was not given to me even then appear before the pope, as he had the chance play before Benedict XVI and St. Francis. * **Speaking Francis - is it true that prepares you for a musical surprise him?** - This is no ordinary pope. It is remarkable, that's why I'm working on the album, which I would like to dedicate to him. I'm writing new songs. First of all, there are tango. Since this is a man from South America, certainly I feel these rhythms. * **Performs Mr. different music: jazz, pop and classical music. Which of the following is closest to you?** - In the case of music it is most important that was made from the heart. As a composer, I try

to put all of myself into what I create and I try to make music that I feel, no matter what genre it is. * In Kielce during [the Off Fashion](http://www.echodnia.eu/swietokrzyskie/tag/off-fashion.html#utm_medium=alz&utm_source=echodnia.eu%2Fswietokrzyskie&utm_campaign=artykul) played you for a show of the Academy of Fashion Koefia. How did it happen that złączyliście strength? - Some of the designers who dressed me on different occasions were

studentsAcademy Koefia. In this way I approached the school, especially because I then also I was young and I knew what it meant to support young talents that they should have the opportunity to show. I could their projects work, present. But you should also mention Bianca Lami, which is one of the lecturers of the Academy Koefia. I met her and we work together. Could be accompanied by an exclusive fashion show of Koefia at Derby Academy in Rome.
